

Wed. 30/8, 13.30-15.15	<p>Session I.A <i>Environmental sustainability and governance</i> Room: Chair:</p> <p>1. Moritz Reese: What makes environmental law sustainable? Regulatory keys to environmental sustainability 2. L.S. Braaksma & K.J.de Graaf: Regulating Environmental Utilisation Space in the future Dutch Environment and Planning Act: Obstacles and Incentives 3. Renske Giljam: Implementing ecological governance through the extended use of 'Best Available Techniques' 4. Hana Müllerová: Sustainability as a myth; or how to enliven the concept?</p>	<p>Session I.B <i>EU nature protection law I</i> Room: Chair:</p> <p>1. An Cliquet: The Fitness Check of the EU Nature Directives: the Directives are fit for purpose, now implement them! 2. Emma Lees: The Precautionary Principle in Habitats Protection: Obscuring Scientific Conflict and the Proper Judicial Role 3. Veera Salokannel: Nature Values and Imperative Reasons of Overriding Public Interest 4. Vojtech Vomacka: Balancing Biodiversity Protection and Other Public Interests: Czech Approach</p>	<p>Session I.C <i>Marine environment and activities</i> Room: Chair:</p> <p>1. Olena Tolkachenko: Legal Protection of the Black Sea - Azov Sea Basin in Ukraine 2. Christian Prip: Regulation of marine aquaculture in Norway and Denmark – can growth in the industry and protection of the marine environment be combined? 3. Yuan Yang: Preventing major accidents in offshore oil and gas operations: how effective is EU Offshore Safety Directive? 4. Hannah Morriss: A Study of the Marine Laws Surrounding Sustainable Development Goals with Regards to Sustainable Development and Conservation Using Artificial Reefs</p>	<p>Session I.D <i>Waste management I</i> Room: Chair:</p> <p>1. Marta Cenini: Landowner's liability and waste management: perspectives from private law 2. Topi Turunen: Deconstructing the precautionary measures of waste legislation and environmental protection - Case of end-of-waste regulation 3. Alina Lehtonen: Towards resource efficiency - utilization of industrial waste materials as part of a circular economy 4. Susana Paleari: Is Extended Producer Responsibility Contributing to the Implementation of the Waste Hierarchy?</p>	<p>Session I.E <i>EU air quality legislation</i> Room: Chair:</p> <p>1. Delphine Misonne: So many plans, so many programmes: Is this the right approach to air pollution control 2. Iлона Jancarova: Significance of Air Quality Plans in the Czech National Regulation 3. Malgorzata Smolak: The enforceability of EU air quality legislation in relation to target values 4. Veera Jerkku: Methane regulation in the European Union</p>
Wed. 30/8 15.45-17.30	<p>Session II.A <i>Rights based approaches</i> Room: Chair:</p> <p>1. Nathalia Kobylarz:</p>	<p>Session II.B <i>EU nature protection law II</i> Room: Chair:</p> <p>1. Hendrik Schoukens:</p>	<p>Session II.C <i>Water governance and legislation</i> Room: Chair:</p> <p>1. L. Squintani & M.v.</p>	<p>Session II.D <i>Circular economy</i> Room: Chair:</p> <p>1. Cathrin Zengerling:</p>	<p>Session II.E <i>Balancing and allocation instruments</i> Room: Chair:</p> <p>1. Wolfgang Köck:</p>

	<p>Ensuring ecological sustainability by means of litigation before the European Court of Human Rights</p> <p>2. Valerie Vogleman: Human Health and the Environment: Time for a New Approach to Environmental Law</p> <p>3. Jeronimo Basilio São Mateus: Fostering environmental protection through religious freedom rights</p> <p>4. Santiago Vallejo Galarraga: Towards the Rights of Mother Earth (Perspectives, Challenges and Opportunities)</p>	<p>Adaptive management as novel permitting strategy within the context of Natura 2000: lessons to be learnt from recent case-law developments before the CJEU?</p> <p>2. Tom Chambers: Coming In On One Wing And A Prayer: Navigating Compliance with the EU Wild Birds and Habitats Directives</p> <p>3. Minna Pappila: Forestry and the no net loss of biodiversity principle</p>	<p>Rijswijk: Towards more effective protection of water resources</p> <p>2. Henrik Josefsson: Coherence and coordination under the Water Framework Directive</p> <p>3. Niko Soininen & Antti Belinskij: Bringing back environmental flows: The case of salmon and the lack of legal adaptivity in Finnish rivers</p> <p>4. Johanna Söderasp & Maria Pettersson: Adaptive water governance in Swedish case law - analysing the legal application of environmental quality standards for water</p>	<p>Sustainable Management of Natural Resources – The Role of European Cities</p> <p>2. Thomas de Römph: Potential for the Circular Economy transition? The broadening of the scope of the Ecodesign Framework Directive - a case study on wooden products</p> <p>3. Grit Ludwig: Cascading use of wood in Germany: Proposals for a reform of the legal framework</p> <p>4. Andrea Keessen: Manure: from resource to waste and back to resource?</p>	<p>Demand assessments in German infrastructure law as an instrument for strengthening environmental protection – German experiences and a scope for improving</p> <p>2. Anna Silvia Bruno: The Italian metropolitan cities at the crossroad: a unified system of governance between new challenges and perspectives</p> <p>3. Jens Weuthen: The cumulative assessment under Art. 6(3) of the Habitats Directive as an allocation problem</p>
<p>Thur. 31/8 9.00-10.45</p>	<p>Session III.A <i>Arctic challenges</i> Room: Chair:</p> <p>1. Lara Fornabaio and Margherita Paola Poto: The rights-based approach in biodiversity protection: the Norwegian perspective</p> <p>2. Tanja Joona: Indigenous peoples right to natural and mineral resources – reflections from the ILO 169</p> <p>3. Nana Harbo: How can</p>	<p>Session III.B <i>Biodiversity and species protection</i> Room: Chair:</p> <p>1. Jan Darpö: Protection of Species in Environmental Decision-making - An interdisciplinary research project on the integration of scientific evidence in administrative and judicial decision-making</p> <p>2. Tilak Ginige, Alice Webb & Merve Demir: Are EU and UK nature conservation policy and legislation effectively regulating</p>	<p>Session III.C <i>Climate change and water management</i> Room: Chair:</p> <p>1. Robin Kundis Craig: Climate Change and the Incorporation of Resilience Theory into Adaptive Water Governance</p> <p>2. Owen McIntyre: Management of Drought and Water Scarcity under EU Law: Towards a Coherent Regime</p> <p>3. Wouter Poelmans:</p>	<p>Session III.D <i>Waste management II</i> Room: Chair:</p> <p>1. Shirleen Shin: The inevitable traps of the EU legislating process</p> <p>2. Katerina Mitkidis: Responsible Management of Pharmaceutical Waste in the EU – Towards a Comprehensive Legal Framework</p> <p>3. Violeta Stratan: A State and Tendencies in</p>	<p>Session III.E <i>Institutional challenges in international marine and water law</i> Room: Chair:</p> <p>1. Rosemary Rayfuse: Climate Change and International Fisheries</p> <p>2. Bjørn-Oliver Magsig: The role and repercussions of the EU negotiating an international agreement on marine biological diversity of areas beyond national jurisdiction</p>

	<p>EU play a role in protecting the ecosystems in the Arctic?</p> <p>4. Kodolova & Soltsnev: Legal problems of restoration of the disturbed areas in the arctic zone of the Russian Federation</p>	<p>species reintroduction attempts?</p> <p>3. Nina Kohlmorgen: A comparative analysis of funding schemes to reduce and prevent extra economic burdens for livestock owners posed by wolves</p> <p>4. Kenji Kamigawara: Legal development to manage established invasive alien plants - case studies on water primrose in Japan, France and UK</p>	<p>Flood risks: responsibilities and possibilities for claims to secure property</p>	<p>Romanian Environment Law on Waste Management from a EU perspective</p> <p>4. Birgitte Egelund Olsen: Used textiles in a legal perspective – wastes and resources in a circular economy</p>	<p>3. Maciej Nyka: Deep Sea Stewardship and the Role of the International Seabed Authority in Sustainable Management of Natural Resources in the Area</p> <p>4. Josefin Gooch: Sustainable Management of Transboundary Waters - Implementing Environmental Flows</p>
<p>Thur. 31/8 13.30-15.15</p>	<p>Session IV.A <i>Ecological sustainability</i> Room: Chair:</p> <p>1. Volker Mauerhofer: Law and Ecological Sustainability: perspectives <i>de lege ferenda</i> and <i>de lege lata</i></p> <p>2. Tiago de Melo Cartaxo: Adapting law and governance to the age of sustainability and biodiversity</p> <p>3. Marco Túlio Reis Magalhães: The legal approach of ecological sustainability in the European Environmental Law and its contribution as a paradigm for the Common Market of South America (Mercosul)</p> <p>4. Samvel Varvastian: The Developing Atmospheric</p>	<p>Session IV.B <i>Forest biodiversity and management</i> Room: Chair:</p> <p>1. Maria Forsberg & Gabriel Michanek: Landscape Planning for Forest Biodiversity and Diverse Forestry</p> <p>2. Bartosz Kuraś: Tree Cutting Permits - Legal Instruments for the Protection of Trees in Poland</p> <p>3. Seita Rompanen: The legal challenges of the proposed EU regulatory frameworks on LULUCF and sustainable forest biomass</p> <p>4. Yelena Gordeeva & Nikolay Kichigin: What is the Value of Climate Law and Policy for Sustainable Forest Management</p>	<p>Session IV.C <i>Agricultural pollution</i> Room: Chair:</p> <p>1. Tiina Paloniitty: Scientific solutions to axiological controversies: the 4-faced agricultural runoff regulation in the EU</p> <p>2. Jussi Kauppila & Helle T. Anker: The role of permits in regulating livestock installations and manure spreading: experiences from DK and FIN</p> <p>3. Lærke Assenbjerg: Socio-ecological resilience of the agriculture regulation</p> <p>4. Marek Szolc: The Nitrates Directive in Poland - (in)effective implementation and its impact on sustainable water management</p>	<p>Session IV.D <i>Natural resources management</i> Room: Chair:</p> <p>1. Sanne Akerboom: Rethinking natural gas; an approach towards a sustainable and responsible use of natural gas</p> <p>2. Natalia Charalampidou: Shale gas and sustainable water management in the EU and Canada</p> <p>3. Saara Österberg: Environmental regulation supporting the development of mine water management - case Terrafame Mine</p> <p>4. Vicky Karagiorgou: The regulation of mining activities from the perspective of EU environmental law</p>	<p>Session IV.E <i>Conservation law – new approaches?</i> Room: Chair:</p> <p>1. Geert Van Hoorick & Lise Vandenhende: The management of cultural heritage and nature: complementary or conflicting regulations?</p> <p>2. Karolina Karpus: Landscape audit as a new instrument of landscape protection and management in Poland</p> <p>3. Elina Vaara: Climate Change and Biodiversity Crises: Rethinking Conservation Law and its Measures</p> <p>4. Sarah Fagnen: Private individuals' contribution to the Nature protection</p>

	Trust Litigation in the United States: Climate Change and the Constitutional Obligation to Protect Natural Resources				
Thur. 31/8 15.45-17.30	<p>Sesssion V.A <i>Liability and criminal law perspectives</i> Room: Chair:</p> <p>1. Marjan Peeters: Environmental liability as a back-up tool for managing natural resources: how to fill the gap? 2. Carole M. Billiet: In Flanders fields and hedges: sanctioning local wildlife crime 3. Grazia Maria Vagliasindi: Addressing threats to ecological sustainability: strengths and weaknesses of EU environmental criminal law 4. Magdalena Roibu: Romanian ecocentrism and EU legislation on environmental protection - a criminal law perspective</p>	<p>Sesssion V.B <i>Agricultural policy and the environment</i> Room: Chair:</p> <p>1. Ludivine Petetin: The Greening of the European Common Agricultural Policy: Towards Sustainable Agriculture in England and Wales 2. Luchino Ferraris: The achievement of environmental protection in the EU agricultural sector 3. Sian Affolter: Ecologically sustainable management of natural resources and agriculture in Switzerland – Balancing constitutional requirements and free trade agreements 4. Marta Torre-Schaub: What protection for Biodiversity today?The proposals of the French Act for the “Reconquest of the Biodiversity”</p>	<p>Sesssion V.C <i>Water rights</i> Room: Chair:</p> <p>1. Rosalind Malcolm & Alison Clarke: Water as a common treasury 2. Gabriela Cuadrado-Quesada & Thomas Hartmann: Groundwater Governance and Property Rights – Applying OECD water governance principles. 3. Silke Laskowski: Enforcing the human right to water and sanitation with regard to the UN 2030 Agenda for Sustainable Development, Goal 6 (“Water”) versus EU free-trade agreements CETA, TTIP and the like</p>	<p>Sesssion V.D <i>Cost-benefit distribution and environmental justice</i> Room:</p> <p>1. Anita Rønne: Managing a Sustainable Distribution of Costs and Benefits in Natural Resources Projects 2. Annalisa Savaresi: Distributing the benefits and burdens associated with the energy transition: lessons from community renewables 3. Marie Leer Jørgensen: Functioning of compensation mechanisms on local acceptance of wind energy projects</p>	<p>Sesssion V.E <i>Biodiversity, biota and patents</i> Room:</p> <p>1. Mary Dobbs: Contextualising patenting of plant genetic resources: hidden threats to biodiversity 2. Agnieszka A. Machnicka: Can the EU System Accommodate Sustainable Patent Law and Policy? Between Biotechnology and Biodiversity 3. Beatriz Martinez Romera & Ana Sofia P. S. Reboleira: Subterranean Biodiversity – the Endangered Biota Neglected by EU Conservation Legislation</p>
Fri. 1/9 9.00-10.45	<p>Session VI.A <i>Economic instruments in environmental governance</i></p>	<p>Session VI.B <i>Public participation and information</i> Room:</p>	<p>Session VI.C <i>Freshwater management</i> Room:</p>	<p>Session VI.D <i>Environmental liability, contaminated soil and integration challenges</i></p>	

	<p>Room: Chair:</p> <p>1. David Driesen: Pollution Taxes versus Emissions Trading: Playing Nice with Other Instruments 2. Felix Ekardt: Cost-Benefit Analysis: A Basis for Defining Targets of Biodiversity Governance? 3. Jukka Similä: Creating markets for ecological compensation 4. Henrik Fischer: Sustainable transformation of water infrastructures: factual and regulatory challenges with a particular focus on finance</p>	<p>Chair:</p> <p>1. Paulo Linhares Dias: Environmental Tribunals - Effective Jurisdictional Protection in Environmental Law 2. Caer Smyth: How is rational argument employed by environmental justice actors in participatory environmental governance structures? 3. Bonnie Holligan: Security and Equity of Private Mechanism for Securing Environmental Obligations: Public participation and Access to Information in English and German Law 4. Maria Maniadaki: Geographic Information Systems (GIS) as a tool to provide environmental information to the public and to monitor the efficiency of the relevant public services</p>	<p>Chair:</p> <p>1. Trevor Daya-Winterbottom: Freshwater Management – Comparative Approaches & Instruments 2. Faiz Abdul Raheem: A new jurisprudential approach to the enactment, interpretation and implementation of the laws governing the use, development and protection of freshwater resources 3. Gabor Kecskés: The Hungarian Implementation of the Water Framework Directive within the light of protection of both quantity and quality 4. Lasse Baaner: Adaptive Environmental Law – Examples from Danish Water Law</p>	<p>Room: Chair:</p> <p>1. Florina Popa & Flaminia Stârc-Meclejan: The Reciprocal Relationship of Environmental Responsibility and Liability: What are the Chances? 2. Ancui Liu: The international liability and redress regime regarding environmental damage caused by cultivation of genetically modified crops—links with the Environmental Liability Directive 3. María del Carmen Bolano & Iñaki Lasagabaster: Legal Protection of Environmental Soil Quality in Europe: Specific Reference to Contaminated Soil 4. Jovan Racij: Environmental challenges in the EU integration path - Serbia</p>
